'A SECOND HELPING'

Shipshewana, IN

THURSDAY - SEPTEMBER 9, 2010

Sheryl Godby, Escort

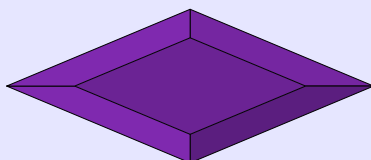

Sit back and relax as the motorcoach drives through the country side. Our Special Guide will tell of the lifestyles, gardening styles, food preservation, and traditional meal preparations of our Amish neighbors. We begin our tour with a Cinnamon Roll & Coffee in the **Jones family Amish Home** and a demonstration on how to make these delicious treats. Next stop, the **Dutch Country Market, home of 'Katie's Noodles'** where we watch them make noodles and make purchases. We stop at the **Rise & Roll Bakery** for Terrific samples and of course make more purchases. Don't forget the Cashew Crunch! On to the newly remodeled **Deutsch Kas Haus** and watch how they make cheese. The cheese shop is known for its award winning Colby, Colby-Jack and flavored cheese. Don't forget samples! Lunch will be at **M & L Acres**-- Leanna will have a **cooking demonstration** on her chicken, potatoes, Amish peanut butter, and mud pudding. She will share her recipes with you. Then enjoy the **Thresher meal** prepared just for us. After lunch on to **JoJo's Pretzels** where we'll make our own pretzels and have some time to shop Davis Mercantile. Before heading home, we stop at the **Little Helper's Quilt Shop** for a demonstration of **Jams, Jellies and Pie Filling**, and **Yoder's Popcorn** for samples. With our tummy's quite full, we say Thank you to our guide and pick up **Cinnamon Rolls** that were baked this morning for each of us to take home.
